Following registration confirmation, information for the payment procedure will be sent.

COMI

DESCRIPTION

The INTERNATIONAL PHD COURSE @ LIA- NEXTRIM is an intensive 1-week course for doctoral students on topics relating to infrastructure and mobility. In particular, teachers are invited to update participants on research developments in the fields relating to road safety, road asset management, traffic and sustainable mobility with a particular focus on the human factor and new driving support technologies.

PARTNER

**LIA
NextRIM**

LIA NEXT-RIM is an interactive laboratory for sustainable mobility and infrastructures of the future. The new structure was born from an agreement between the University of Bologna and the Université Gustave Eiffel.

CLEAR-Doc aims at attracting, at Université Gustave Eiffel, 30 promising PhD from all around the world in the field of the “City of tomorrow” in order to improve their research capacity and soft skills through high quality and fair selection and supervision.

MOST – Sustainable Mobility National Research Center and received funding from the European Union Next-GenerationEU. Under the auspices of Spoke 7 (CN 00000023 – PNRR – M4C2 INV. 1.4).

The SIV Italian Society of Road Infrastructures, represents the academic world of (SSD) ICAR/04 for the diffusion of culture and scientific knowledge in the field of road infrastructures.

AIIT «Italian Association for Traffic and Transport Engineering» is a point of reference between experts in mobility, traffic and transport topics.

PROGRAMME

Monday June 24th 2024

10.00-11.00: Registration, Welcome Break
 11.00-11.30: Opening Ceremony
 S. Piperno, Vice-President Research, Université Gustave Eiffel
 11.30-12.00: Introduction
 H. Imine and A. Simone, coordinators of LIA NextRIM
 12.00-13.30: Keynote
 Prof. S. Mammar, Université d'Evry Paris-Saclay
 13.30-14.30 : Lunch
 14.30-15.45 : G. Bifulco, Università di Napoli Federico II
 15.45-17.00 : D. Chiola, Movyon

Tuesday June 25th 2024

MODULE 1: INFRASTRUCTURE MANAGEMENT

Chairman: A. Simone
 09.15-10.30: C. Lantieri, Università di Bologna
 10.30-11.00: Break
 11.00-12.30: A. Lhostis, Université Gustave Eiffel
 12.30-13.30: Lunch
 13.30-15.00 : F. Canestrari, Università Politecnica delle Marche
 15.00-16.00 : V. Ranieri, Politecnico di Bari
 16.00-18.00: Technical visits

Wednesday June 26th 2024

MODULE 2: SAFETY AND TRANSPORT

Chairman: H. Imine
 09.00-10.30: Keynote
 Prof. M. Basset, Université de Mulhouse
 10.30-11.00: Break
 11.00-12.30: D. Gruyer, Université Gustave Eiffel
 12.30-13.30: Lunch
 13.30-15.00 B. Barabino, Università di Brescia
 15.00-16.30 N. Farhi, Université Gustave Eiffel
 16.30-17.00: Break
 17.00-18.00: M.N. Postorino, Università di Bologna

COMI

PROGRAMME

Thursday June 27th 2024

MODULE 3: HUMAN BEHAVIOUR IN TRANSPORTATION

Chairman: V. Vignali
 09.00-10.30: F. De Crescenzo, Università di Bologna
 10.30-11.00: Break
 11.00-12.30: R. Bremond, Université Gustave Eiffel
 12.30-14.00: Lunch

PHD COMPETITION

Thursday June 27th 2024 (14:00-16:00)

FORUM@LIA-NEXTRIM

The **FORUM@LIA-NEXTRIM** is an occasion for idea sharing and comparison, in which PhD candidates and young researchers present specific and interesting topics in the fields of the infrastructure and transport sciences. FORUM@LIA participants must attend the School. The Scientific Committee of the FORUM@LIA will award **3 prizes** based on the following criteria:

- **best technological impact;**
- **best innovative idea;**
- **best experimental activity.**

The deadline for FORUM@LIA-NEXTRIM participation will be the same deadline of the registration (15 May 2024). The research will be presented in English during the Forum session. Duration of exposure will be determined according to the number of speakers (further information will follow). The applicants are requested to fill google form and send 2 pages long abstract and a declaration of release to the contact mail.

COMI

TECHNICAL VISITS

The **PICS-L** (Lab on Perceptions, Interactions, Behaviours & Simulations of road and street users): conducts pluridisciplinary research to observe, understand, improve and evaluate the mobility of individual road and street users.

SENSE - CITY: "climate mini-city", is a vast reconfigurable mobile hall of 400m² capable of hosting, under controlled environmental conditions, realistic urban scenarios.

VENUE

Université Gustave Eiffel, 5 boulevard Descartes, Champs-sur-Marne, 77454 Marne-la-Vallée cedex 2

ACCOMMODATION FOR 24-25-26 NIGHTS

Ibis Marne la Vallée Champs - 8 Boulevard Newton, Cite Descartes, 77420 CHAMPS SUR MARNE, Francia
